

## **Training Announcement!** ***Transportation Rail Incident Preparedness and Response: “Flammable Liquid Unit Trains”***

The Pennsylvania State Fire Academy is offering this 8-hour class utilizing curriculum developed by numerous agencies working with the U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA). The class provides critical information on best practices related to rail incidents involving unit trains hauling Hazard Class 3 flammable liquids such as Petroleum crude oil and ethanol.

A key component of this class is to learn from past experiences and to leverage the expertise of public safety agencies, rail carriers, and industry subject matter experts to prepare first responders to safely manage unit train rail incidents involving commodities such as crude oil and ethanol.

***Saturday November 18, 2017 at 9:00 am  
West Lake Fire Department  
3762 West Lake Road  
Erie, PA 16505***
